

**Join Us for Harford Community College's Future Summit:
Be Part of Creating Harford's Future**

Harford Community College is embarking on a strategic planning journey designed to ensure the relevance, quality and accessibility of a Harford Community College education well into the 21st century, and we want to hear your voice.

Our strategic planning approach is designed to ensure that all of our constituents' voices are heard. Our signature event, the Future Summit, will be a galvanizing activity for the region and for our College as we invite you to hear from noted speakers on key issues facing our region and our society. Education is our business, but we can't do it without a strong partnership with business and industry, state and local governments, K-12 leaders, nonprofit organizations, and our students. So we're asking you to take a seat at the table.

Join us for "EdTalks" designed to highlight future trends that will affect you and your organization as well as the College. After these provocative Talks, you'll be asked to participate in small groups and discuss the impact of these trends on the College and its service community. The resulting impact statements will be a foundational component to the development of the College's strategies. We also hope this information will provide insights for your organization's future planning.

The Future Summit is the first of two opportunities for our external constituents to participate in our strategic planning process. We will be inviting you back in the spring to review our draft mission, vision and strategies.

Harford Community College Future Summit
Friday, November 9, 2018 | 1:00 – 4:00 PM
APGFCU Arena at Harford Community College
RSVP: strategicplan@harford.edu
